

Six Critical Requirements for Urban Trees

DeepRoot Canada presents an in-depth discussion by James Urban, FASLA (Urban Trees + Soils) about the critical principles that must be followed in order to assure that trees will grow large and healthy in an urban environment.

September 29, 2016

12-1:30 PM

McGill University
475 Sherbrooke St. W
Montblanc Ballroom, 2nd fl.
Montreal, Quebec

Bring your own lunch.
Coffee and tea provided.

Jim Urban is a landscape architect who was responsible for introducing many innovations, including most of the current standards relating to urban tree plantings. Jim was awarded the ASLA National Medal of Excellence for his contributions to the profession and is the author of Up By Roots: Healthy Soils and Trees in the Built Environment. His talk is in English.
